

6F 7F Office Zone

Office space that allows clear visibility

Office space for the staff is designed to help visitors to reach their destinations, featuring straight corridors and better visibility, ensuring worker-friendly streamlined spaces with no pillars. This will make it easier to carry out layout changes as well.

Assembly Hall

The assembly hall is designed to offer a calm atmosphere, with the décor featuring the texture of wood. To allow observers a full view of plenary assembly meetings, galleries are arranged on both sides, and there is easier, barrier-free access to the galleries. The hall is designed to host large-scale conferences and other events attended by city residents as well as international conventions when the city assembly is not in session.
